Seeking Craftsmen with Landscape Construction Expertise

Outdoor Craftsmen is hiring teams of craftsmen with experience as technicians, foremen, supervisors or project managers in the landscape construction industry.

Outdoor Craftsmen is the premiere full-service design/build company for upscale residential properties in the Boulder county region. We are committed to the highest quality workmanship; we engage in our work with enthusiasm and integrity; we pride ourselves in our positive culture and drug-free workplace.

Required Qualifications

- Experienced craftsmen with technical knowledge in general construction, irrigation, and one or more aspects of hardscape installation including masonry and boulder setting
- A commitment to the highest quality workmanship
- Advanced English communication skills

Preferred Qualifications

- Supervisory experience in landscape construction
- Job tracking and job cost reporting experience
- Scheduling experience
- Client relations experience
- Horticulture knowledge
- Bilingual
- Education (degrees, certificates) in construction project management, landscape, horticulture or a related field
- Clean driving record

Benefits/Compensation

Compensation is based on experience. Our benefits package includes health insurance, a 401K program, and cell phone.
